Section: JJF

STUDENT ACTIVITY ACCOUNTS

Student funds may be raised to finance the activities of authorized student organizations. Student activity funds are considered a part of the total fiscal operation of the District and are subject to policies established by the School Committee and the Office of the Superintendent. The funds shall be only for the benefit of students and managed in accordance with sound business practices, which include accepted budgetary, accounting, and internal control practices. The Superintendent shall ensure that, annually, all Principals and student organizations receive a copy of this policy as well as a copy of established procedures for control of receipts and expenditures that meet or exceed DESE guidelines.

In compliance with Massachusetts General Law, the School Committee:

1. Authorizes the Principals to accept money for recognized student activity organizations, which currently exist, or as from time to time may be revised. All funds received for student activities must be deposited into the Student Activity Agency Account and no funds shall be directly deposited to a Student Activity Checking Account except from the Student Activity Agency Account.
2. Authorizes the Town or District Treasurer to establish and maintain a Student Activity Agency Account(s) which is to be audited as part of the Town's annual audit. The interest that is earned on such accounts shall be maintained in the Agency Account and expended in accordance with the procedures established in the Hudson Public Schools Student Activity Guidelines.
3. Authorizes Student Activity Checking Accounts for use by the Principals with specific maximum balances established annually for each school by vote of the School Committee. Payments for expenditures shall be made, whenever possible, by check, debit, or EFT directly from the Student Activity Checking Account. Reimbursements to personal credit card holders shall require the prior authorization of the Principal or designee. Signatory authorization for Student Activity Checking Accounts shall be restricted to the Principal or designee and (Superintendent or Treasurer). Student Activity Checking Accounts shall be audited annually in accordance with DESE guidelines.
4. Directs Principals to provide the Treasurer with a bond in an amount agreeable to the Treasurer.
5. Shall annually, prior to the start of each school year, vote to establish or change the maximum balance that may be on deposit in each Student Activity Checking Account.

For accounts with maximum balance limits that exceed \$25,000.00, the School Committee shall consider, in accordance with DESE guidelines, that an audit be conducted by an outside audit firm every three years.

Graduating Class Funds

Funds held on behalf of graduating classes are to be held within the Student Activity Checking Account for the High School. Such funds shall be designated by the class' Year of Graduation.

Once a class has graduated from High School, their funds should be removed from the High School Student Activity Checking Account no later than two years from the date of graduation. It is the responsibility of the class officers to arrange for these funds to be removed from the High School Activity Checking Account. When requested, and once all outstanding financial obligations of the graduating class have been met, the remaining balance should be removed from the fund by check transfer payable to the Class of XXXX. Checks payable to individual members of the graduating class are not permitted.

Should the class officers not request to have their funds removed from the Student Activity Checking Account within two years of their graduating, the funds will be forfeited by the class and transferred into the General Sub-fund portion of the Student Activity Agency Account. These funds will then be allocated by a vote of the School Committee if the amount is \$500 or more. Amounts less than \$500 will be allocated based on a recommendation of the Principal to the Finance Director and Superintendent for final approval. In no case shall the disposition benefit specific individuals. The primary goal in disposition should be to benefit the student body.

Class officers should be given a copy of this policy during the course of their senior year to ensure their knowledge of their obligations to perform under this policy.

Inactive Student Activities

When a student activity ceases to be active for a period of three years or more the Principal or other authorized administrator shall require the following actions:

1. The Principal shall request action to close the account from the School Committee.
2. All assets of the student activity organization shall be determined and stated in writing.
3. Any disposition of the student activity organization of \$500 or more shall be determined by the School Committee. Any disposition assets of an inactive student activity organization of \$499.99 or less shall be the recommendation of the Principal to the Finance Director and Superintendent for final approval. In no case shall the disposition benefit specific individuals. The primary goal in disposition should be to benefit the student body.

Identify in writing all assets of the student activity. The disposition of any assets will be in accordance with the Student Activity Account Guidelines and may not benefit specific individuals.

Student Activity Deficits

Individual student activity accounts are not permitted to be in a deficit position. Whenever a deficit exists that is not the result of timing, the Superintendent shall recommend remedial action to the School Committee in a timely manner.
